

Hello Potential member!

We are the International Harvester Collectors Club of Michigan. We are the 11<sup>th</sup> Chapter of a much larger National and International organization consisting of more than 30 chapters worldwide.

We exist to research, preserve, and complete the history of the International Harvester Company, and also promote the restoration and collecting of the products, materials, memorabilia, advertising, etc. of the company.

We are governed by an elected slate of officers and 6 elected directors.

We hold meetings every quarter including a display show in the summer and a mini-convention in the winter. These meetings are located in various parts of the state to make attendance as convenient as possible for our members.
